

2026 SCHOLARSHIPS

By the Numbers

The Kearney Area Community Foundation manages **69 scholarship funds**. In 2025, we awarded **103 scholarships** equaling more than **\$204,975** to local students enrolled in a technical college, community college and/or university.

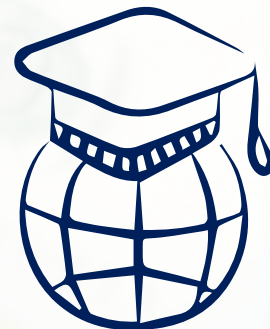

95% of recipients used the Kearney Area Community Foundation's online universal scholarship application

87% of scholarships were awarded to students pursuing higher education in Nebraska

36% of scholarships were awarded to those with majors in the medical field

21% of scholarships were awarded to those getting a 2-year degree

Applying for Scholarships

Thank you for your interest in applying for scholarships through the Kearney Area Community Foundation. These opportunities are made possible by generous donors who are committed to helping local students pursue their educational goals.

With our universal application, you can fill out one application and then find out which scholarships you qualify for. Scan the QR code below or go to kearneyfoundation.org/scholarships and click on the blue “[log in](#)” button to set up an account or log in to our universal application software.

Scholarship Timeline

February 1

Scholarship application opens online. The link is available at:

www.kearneyfoundation.org/scholarships

April 1

Scholarship applications are due and must be submitted by 11:59 p.m. on April 1 to be eligible. Please be sure to follow up with your third-party requests (guidance counselors and/or references) to ensure they upload or provide you the required information by April 1 for your application to be considered complete.

April

Kearney Area Community Foundation scholarship committees and other outside review committees begin reviewing applications and meet to determine the scholarship recipients

May

Scholarship awards will be announced. Applicants will receive an email regardless if they are awarded or denied the scholarship.

Scholarship acceptance follow-up forms are due mid-May.

July - August

Students who received scholarships with a fall pay out will need to complete a verification of enrollment follow-up form. This should not be completed until you are registered for classes for the fall semester. An unofficial transcript is acceptable to upload.

Funds are sent to the college approximately the last week of August.

December - January

Students who received scholarships with a spring pay out will need to complete a verification of enrollment follow-up form. This does not need to be completed until you are registered for classes for the spring semester. Many scholarships require a certain GPA from the fall semester, so be sure you upload a document that shows both your class registration and GPA. An unofficial transcript is acceptable to upload.

Funds are sent to the college approximately the second or third week of January.

Getting Started

Create Account/Sign In

The link to the scholarship application can be found on KACF's website:

www.kearneyfoundation.org/scholarships

You may also [click here](#) to go directly to the login page. You can bookmark this page for easy access!

Create an account using a personal email address instead of a school email, as you will not have access to your school email account after graduation. The Kearney Area Community Foundation will communicate with you via email throughout the scholarship process, so it is essential to use a personal email address that you have ready access to and check frequently.

There is a link on the login page to the Applicant Tutorial. Many questions can be answered there - [click here](#) to check it out!

Fill Out the Universal Application

Once you've created your account/logged in, you will click the "Apply" button at the top of the page to begin. **You will need to be prepared to answer basic questions, as well as input information about your school, volunteer, and community activities and leadership roles, any awards or honors you've earned, what your plan is for college and request a transcript from your high school counselor (if you are a graduating high school senior).** There may be a few more details you have to input based on your responses, but once you've filled out all required information including the electronic signature and hit the "Submit" button, the system will then inform you which of our scholarships you are eligible for. Most will have additional things you'll need to do - for example, request your attendance, gather any letters of recommendation and write one or more essays.

This is why it is very important to submit the universal application early - you'll have more to complete!

Showcase Your Story

Your essay responses will allow you to highlight why you are a strong candidate for a scholarship. Make sure to craft a narrative that is engaging and personal, while also remembering not to include your name in any of your essays. Be efficient in your response, as most essays are limited to 2,000 characters.

Grammar & Spelling Matters!

It is essential that your scholarship essays are polished. We strongly encourage you to have someone else proofread your application before submitting it. Our scholarship reviewers are evaluating many applications and face difficult decisions. Poor grammar and spelling errors can lead to your application being overlooked.
